FTSE Blossom Japan Sector Relative Index

Lion Corporation (President: Masayuki Takemori) has been selected for inclusion in the FTSE4Good Index Series, a leading environmental, social and governance (ESG) investment index, as well as the FTSE Blossom Japan Index and the FTSE Blossom Japan Sector Relative Index, which are used as ESG investment indices by Japan's Government Pension Investment Fund (GPIF).

Lion has been included in the FTSE4Good Index Series for 16 consecutive years, in the FTSE Blossom Index for seven consecutive years, and in the FTSE Blossom Japan Sector Relative Index for two consecutive years.

Lion has also been included in other ESG investment indices used by the GPIF. Namely, Lion has been included in MSCI Japan Empowering Women Index (WIN) for seven consecutive years and the S&P/JPX Carbon Efficient Index for six consecutive years. And, most recently, Lion has been selected for inclusion in the Morningstar Japan ex-REIT Gender Diversity Tilt Index, which was newly adopted by the GPIF as an ESG investment index in April 2023.

Going forward, Lion will strive to strengthen its ESG activities aimed at the realization of a sustainable society, in line with its founding spirit of “benefitting society through business activities.”
